## 2020 APPRAISAL REPORT

---

The following appraisal report is generated by the Chief Appraiser of the Leon Central Appraisal District (LCAD) to provide the reader with a general overview and summary of the 2020 appraisal year. The report is intended to give the reader a summation of the appraised values for each taxing entity located within Leon County.

On the pages that follow, the reader will find a summary for not only the Leon Central Appraisal District, but also a summation of the values for each of the 16 taxing units in the county. These include Leon County, Buffalo ISD, Centerville ISD, Leon ISD, Normangee ISD, Oakwood ISD, City of Buffalo, City of Centerville, City of Oakwood, City of Jewett, City of Normangee, City of Marquez, Southeast ESD #1, Southwest ESD #2, Northwest ESD #3 and Northeast ESD #4.

On the front page of each 2020 CERTIFIED HISTORY VALUE RECAP page for each entity, the reader will find a detailed breakdown for values for the different properties that make up the total for each jurisdiction. This page begins with the total market value and at the bottom of the page is the calculation result to indicate the Total Net Taxable Value. Listed below is a general breakdown of the different property types included under the different category types on the first page of the recap.

**LAND** This category is a breakdown of land values in the jurisdiction. It includes land for homesites, non-homesites, production market. Land for homesites is the value for vacant land utilized for homesites (does not include any value for structures). Non homesite land is land that is not considered homesite land as of the date of appraisal. Productivity market is the market value of all of the land in this district that is subject to an Open Space Valuation (ag exemption). Land – income is the value of land that might be included in the Income Approach to value.

**IMPROVEMENTS** This category is a breakdown of improvement values in the jurisdiction. It should be noted that the Leon CAD considers improvements to be structures to the land. The particular category is broken down into five different categories. Improvements – homesite, new improvements – homesite, improvements, non homesite, new improvements – non homesite and improvements – income. This clearly identifies all structural improvements that already exist as well as any new improvements that have been constructed or moved-in since the previous appraisal year. There are no structural improvements relative to income.

**PERSONAL** The personal property category is also broken down into four sections. Two categories are relative to homesites while the other two are relative to non homesites, and each of those include both personal and new personal. Personal property within the Leon CAD on the local basis includes business personal property and mobile home or structure only properties. BPP is that property that is not the real estate but is utilized in local businesses, such as inventory, equipment and furniture and fixtures. Additional personal property can be a mobile home that is not elected as part of the real estate (i.e. a mobile home or house on someone's land other than the owner of the structural improvement). There are currently 1190 mobile home only accounts on the 2020 Leon CAD Appraisal Roll.

**MINERALS** There is \$965,000,000 of value associated with the mineral appraisal roll in Leon County. In addition to the minerals however, this category also includes any and all heavy industrial

(Nucor Steel) properties, utility properties and all associated personal property. The utility properties include pipelines and electrical transmission lines that intersect the districts' boundary lines.

**AG/TIMBER** This is the category where the productivity loss is calculated. This loss is the difference between the market value of qualified agricultural land and the productivity value (ag value), or taxable value of the same land. Land that is subject to a 1d1 Open Space, Timber or Wildlife valuation falls within this category. Land in this category will either be a 1d1 or timber qualified site. Wildlife qualified land will also fall within one of these categories as ag qualified land.

**LOSSES** This category is attributable to any deduction from the market value of a tract of land other than special valuation deductions (ag value). A list of those possible deductions is included on the first page of each entities summary.

**NET TAXABLE VALUE** The net taxable value is the figure that is certified to the taxing entities by the Chief Appraiser. This value represents the number that is considered to be taxable, after all special valuations and exemptions have been deducted from the market value of the property.

There are approximately four pages to each entity's recap with the front page being a summation of the pages that follow. The entity's name is included on the top right corner of the recap pages. Additional supportive information is available on the pages that follow. The information includes some indication of first time exemptions, average home values, and a breakdown by property type.

The values contained in the 2020 Certified HISTORY VALUE RECAP are the values that resulted from all of the appraisal work necessary to complete the appraisal assignments as of January 1, 2020, the official date of appraisal. The work assignments included reappraising existing property, adding all new improvements for the year 2020 to the appraisal roll, checking new 1d1 Open Space Valuation and homestead applications, processing all exemptions that had been applied for during the year and addressing all revaluation request. Approximately 10,000 to 12,000 parcels were inspected during 2020.

The 2020 appraisal roll was subjected to the appraisal review process that took place once all of the Notice of Appraised Values were sent in late May 2020. There were over 10,000 notices of appraised value concerning the real property of Leon County sent to their owner or owner's representative for 2020. In addition, another 3,146 of mineral/industrial notices were sent. The total number of notices that were sent to taxpayers totaled over 13,000 for the 2020 tax year. The month of June was utilized by the appraisal staff to address any issues from the taxpayers with regard to values or exemptions that might be worked out through an informal appeal. All of those protests that could not be resolved were scheduled to be heard before the Appraisal Review Board for a formal hearing in the early parts of July. Due to the issues concerning the Covid-19 Virus, all protests were held by telephone with no in-person protests heard. There were over 1,000 protest filed initially, with approximately 5 of those demanding in-person protest hearings. Those protest have been postponed until 2021. Of the protest heard, there was one appealed to

## **Category C1 – Vacant Lots & Tracts**

Includes tracts of land that are typically:
