2019 APPRAISAL REPORT

The following appraisal report is generated by the Chief Appraiser of the Leon Central Appraisal District (LCAD) to provide the reader with a general overview and summary of the 2019 appraisal year. The report is intended to give the reader a summation of the appraised values for each taxing entity located within Leon County.

On the pages that follow, the reader will find a summary for not only the Leon Central Appraisal District, but also a summation of the values for each of the 16 taxing units in the county. These include Leon County, Buffalo ISD, Centerville ISD, Leon ISD, Normangee ISD, Oakwood ISD, City of Buffalo, City of Centerville, City of Oakwood, City of Jewett, City of Normangee, City of Marquez, Southeast ESD #1, Southwest ESD #2, Northwest ESD #3 and Northeast ESD #4.

On the front page of each 2019 CERTIFIED HISTORY VALUE RECAP page for each entity, the reader will find a detailed breakdown for values for the different properties that make up the total for each jurisdiction. This page begins with the total market value and at the bottom of the page is the calculation result to indicate the Total Net Taxable Value. Listed below is a general breakdown of the different property types included under the different category types on the first page of the recap.

LAND This category is a breakdown of land values in the jurisdiction. It includes land for homesites, non-homesites, production market. Land for homesites is the value for vacant land utilized for homesites (does not include any value for structures). Non homesite land is land that is not considered homesite land as of the date of appraisal. Productivity market is the market value of all of the land in this district that is subject to an Open Space Valuation (ag exemption). Land – income is the value of land that might be included in the Income Approach to value.

IMPROVEMENTS This category is a breakdown of improvement values in the jurisdiction. It should be noted that the Leon CAD considers improvements to be structures to the land. The particular category is broken down into five different categories. Improvements – homesite, new improvements – homesite, improvements, non homesite, new improvements – non homesite and improvements – income. This clearly identifies all structural improvements that already exist as well as any new improvements that have been constructed or moved-in since the previous appraisal year. There are no structural improvements relative to income.

PERSONAL The personal property category is also broken down into four sections. Two categories are relative to homesites while the other two are relative to non homesites, and each of those include both personal and new personal. Personal property within the Leon CAD on the local basis includes business personal property and mobile home or structure only properties. BPP is that property that is not the real estate but is utilized in local businesses, such as inventory, equipment and furniture and fixtures. Additional personal property can be a mobile home that is not elected as part of the real estate (i.e. a mobile home or house on someone's land other than the owner of the structural improvement). There are currently 1,310 mobile home only accounts on the 2019 Leon CAD Appraisal Roll, which is approximately 100 more mobile home only accounts in the county than in 2018.

MINERALS There is over \$902,000,000 of value associated with the mineral appraisal roll in Leon County. In addition to the minerals however, this category also includes any and all

2019 APPRAISAL REPORT

heavy industrial (Nucor Steel) properties, utility properties and all associated personal property. The utility properties include pipelines and electrical transmission lines that intersect the districts' boundary lines.

AG/TIMBER This is the category where the productivity loss is calculated. This loss is the difference between the market value of qualified agricultural land and the productivity value (ag value), or taxable value of the same land. Land that is subject to a 1d1 Open Space, Timber or Wildlife valuation falls within this category. Land in this category will either be a 1d1 or timber qualified site. Wildlife qualified land will also fall within one of these categories as ag qualified land.

LOSSES This category is attributable to any deduction from the market value of a tract of land other than special valuation deductions (ag value). A list of those possible deductions is included on the first page of each entities summary.

NET TAXABLE VALUE The net taxable value is the figure that is certified to the taxing entities by the Chief Appraiser. This value represents the number that is considered to be taxable, after all special valuations and exemptions have been deducted from the market value of the property.

There are approximately four pages to each entity's recap with the front page being a summation of the pages that follow. The entity's name is included on the top right corner of the recap pages. Additional supportive information is available on the pages that follow. The information includes some indication of first time exemptions, average home values, and a breakdown by property type.

The values contained in the 2019 Certified HISTORY VALUE RECAP are the values that resulted from all of the appraisal work necessary to complete the appraisal assignments as of January 1, 2019, the official date of appraisal. The work assignments included reappraising existing property, adding all new improvements for the year 2019 to the appraisal roll, checking new 1d1 Open Space Valuation and homestead applications, processing all exemptions that had been applied for during the year and addressing all revaluation request. As of result of a complete reappraisal of the county for 2019, all parcels were considered to be reappraised and therefore considered to be inspected. This includes approximately 35,000 real parcels.

The 2019 appraisal roll was subjected to the appraisal review process that took place once all of the Notice of Appraised Values were sent in late May 2019. 2019 was an exceptional year due to the reappraisal that was completed during the year. There were a record number of protest filed during 2019 on real property. There was much confusion as many taxpayers just sent their paperwork in thinking that they had completed their protest. Long hours by the staff was spent talking to the many taxpayers that had filed their protest. Even though the district had increased the county value by over 1.1 billion dollars many of the taxpayers understood because they were aware of the rate that values were going up. The protest period extended into July and covered approximately 10 days of protest overall, yet the district was still able to certify on time. There were many more protest filed in 2019 than in 2018. There were approximately 1,000 protest filed in 2019 with approximately 98% of those being directed to "Excessive Market Value".

2019 APPRAISAL REPORT

Even though there was record number of protest filed the appraisal district was able to defend the largest part of the protest and maintain the value that was established in January 2019.

It is noted that the famous “compressor cases” were decided by the Texas Supreme Court in 2018 and the issue on heavy equipment had no effect in 2019. All of the compressor lawsuits had been dismissed and refunds sent in late 2018.

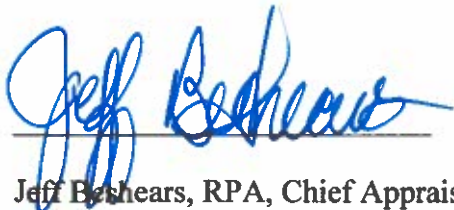

Listed under Addendum A is a LCAD property classification guide to indicate the different types of property that exist for taxing entity.

The Leon Central Appraisal District follows the requirements of the Texas State Property Tax Code, the Texas Comptroller of Public Accounts and all new legislation to accurately locate and appraise all property within the boundaries of the Leon Central Appraisal District. ADDENDUM A

PROPERTY CLASSIFICATION GUIDE

LEON CENTRAL APPRAISAL DISTRICT

2019

Property classification guide

PURPOSE:

The intended purpose of the Property Classification Guide is to provide appraisers, taxpayers and other interest parties the opportunity to understand the way that the Leon CAD classifies property for appraisal purposes. The role of the appraisal district is critical in this regard because of the way that values for each district are reported to the Texas State Comptroller's Office (EARS Files). This applies directly to the information that is necessary to conduct the annual Property Value Study (PVS). In addition, the Texas State Property Tax Code requires each property on the appraisal roll to be classed according to the description and type of that particular property.

The breakdown of property values can be beneficial to outside interested parties who are utilizing the CAD data base for their purposes. For example, a local realtor may request a list of all single family homes in the county within a certain area. Single family homes may be classified as either Category A or E properties. As a result, the Leon CAD is able to isolate just these A and E properties of the district and create any type of report that the requestor may be trying to achieve.

Listed on the following pages are a breakdown and summary of each type of property that may be located within the boundaries of Leon County, and subject to appraisal by the Leon CAD. It is noted that all property classifications may not exist in Leon County. In addition it is further noted that the mineral/industrial appraisers working for the Leon CAD will use codes from the same chart as the one listed on the following page.

Category A – Single Family Residences

Includes single-family residential improvements and land on which they are situated.

- Typically situated on platted lots and tracts of land under 5 acres.
- May include tracts of any size if the entire tract is utilized to enhance the enjoyment of the residence.
- Category includes:
 - Single family homes,
 - Mobile homes located on land owned by the same person,
 - Townhouses,
 - Condominiums,
 - Row houses and
 - Owner-occupied duplexes.

Things to consider:

- When classifying properties as Category A properties, all improvements are typically marked as **home site** in the CAMA *regardless of the presence of a homestead exemption.*
- When a **duplex** is owner occupied, *only the improvements or portions of improvements that are associated with the owner’s residence homestead* should be marked as home site. All other improvements should remain unmarked as home site in the CAMA.

Category B – Multi-Family Residences

Includes residential improvements containing two or more residential units under single ownership.

Owner-occupied units where the owner’s portion qualifies for a residential homestead exemption should be reported in Category A.

Things to consider:

- Properly select the correct *Category Code* according to *subclass*:
 - **Duplexes** are improvements designed to house two families.

- **Multi-plexes** are designed to house 3 or 4 families in a single unit. *Where there are multiple multi-plex units on a parcel, the property should be classified as an apartment complex.*
 - **Apartment complexes** are designed to house more than 4 families in a single unit.
 - **Hotels and motels** are not included in this category and should be classified as *F1 Commercial* properties.
- When an owner occupies a portion of the property as a residence homestead, the parcel must be classified as a Category A property and only the portion of the improvements that are used for residential homestead purposes should be marked as home site in the CAMA.

Category C1 – Vacant Lots & Tracts

Includes tracts of land that are typically:

- Small (usually 5 acres or less),
- Vacant and in some state of development or awaiting construction,
- Located inside of or influenced by a city or platted subdivision,
- Best suited for:
 - Residential structures,
 - Recreational lots or
 - Commercial and industrial building sites.
- May include **nominal improvements** that do not appear appropriate for classification as Categories A, B, E, or F.

Things to consider:

- Because use is the determining factor for classification, there is no minimum or maximum size requirement nor must the property necessarily be located within a city or platted subdivision.
- Properties may be classified in this category if size or location influences of neighboring properties create an economic impact that requires reclassification consideration.
- Small tracts that are randomly located in rural areas may be better classed as **Category E property**.

Category C2 – Colonia Lots

This classification includes property that may not be sold pursuant to Chapter 232 of the Texas Local Government Code.

Use of this property classification is not applicable in Leon County since the Texas legislature defines colonias as:

...subdivisions lacking essential elements of infrastructure near the Mexican border.

Category D – Open-Space Land & Improvements

This property classification includes:

- All land that is qualified for productivity valuation and
- The only the improvements associated with agricultural activity *(does not include residential or commercial improvements)*.

Things to consider in classifying Category D land:

- Land that qualifies for Open-Space Land Valuation must be classified as D1 property in the CAMA's Primary Cat Code field.
- All improvements are classified by use in the CAMA's Secondary Cat Code field.
- Land that is not qualified for Open-Space Land Valuation should be classified as C or E land *(typically)*.
- Land sequence records must be subcategorized according to:
 - Type of agricultural activity:
 - Irrigated cropland
 - Dry cropland
 - Barren/Wasteland
 - Orchards
 - Improved pasture
 - Native pasture
 - Timber in productivity
 - Timber in transition
 - Wildlife management
 - Other agricultural land as defined in PTC 23.51(2)

Things to consider in classifying improvements:

- Land that qualifies for Open-Space Land Valuation must be classified as D1 property in the CAMA's Primary Cat Code field.
- All improvements are classified by use in the CAMA's Secondary Cat Code field.
- All improvements associated with the residence must be marked as home site in the CAMA *even when there is no homestead exemption on the property*.
- All non-residence associated improvements (i.e. ag related improvements) should not be marked as home site. *(The CAMA will classify any non-home site improvements as D2 in recap reports.)*

Parcels in this category can be classified with a blending of Categories D and E. The CAMA will handle blending using the following logic:

- *Parcels where there is some land receiving Open-Space Land Valuation should have a Primary CAT Code of D1. Only those land sequences with productivity value coding will be classified as D1. The CAMA will assume any land not receiving "ag" to be Category E.*
- *Parcels where there are residential structures should have a Second CAT Code of E2, E2S, or E2 MA. All residential structures should be checked as home site in the CAMA. The CAMA will assume that all improvements marked home site are Category E and those that are not marked as home site will be marked as D2 improvements (in the recap reports).*

Category E – Rural Land, Residential & Other Improvements

This category Includes land that is not qualified for productivity valuation and the improvements situated on that property.

This land is typically located outside of cities and platted subdivisions and, although there are no acreage limits, these tracts are typically larger than 5 acres. (Tracts inside of cities and in platted subdivisions where the acreage is greater than 5 acres may be better classed as Category C properties.)

Things to consider:

- Land that qualifies for Open-Space Land Valuation must be classified as D1 property in the CAMA's Primary Cat Code field.
- All improvements are classified by use in the CAMA's Secondary Cat Code field.

Category F1 – Real Commercial Property

Includes land and improvements associated with businesses that sell goods or services ***to the general public***. In situations where there is a mixture of public commercial and industrial activity, the property should be classed according to its most prominent use.

Some examples include:

- Wholesale and retail stores
- Shopping centers
- Office buildings
- Restaurants
- Hotels and motels
- Gas stations
- Parking garages
- Auto dealers
- Repair shops
- Finance companies
- Insurance companies
- Savings and loan associations
- Banks
- Credit unions
- Clinics
- Nursing homes
- Hospitals
- Marinas
- Bowling alleys
- Golf courses and
- Mobile home parks

Things to consider:

Both land and improvements should be classified according to use. In instances where the improvements are valued separately (by an appraisal firm), the land should be properly classed according to its use (i.e. to classify as Category C or E would be erroneous).

Category F2 – Real Industrial Property

Includes land and improvements associated with businesses that add value to a product through development, manufacturing, fabrication or processing of that product. In situations where there is a

mixture of public commercial and industrial activity, the property should be classed according to its most prominent use.

Some examples include:

- Cotton gins
- Processing plants
- Paper mills
- Steel mills
- Refineries
- Warehouse storing for a manufacturing facility
- Cement plants
- Chemical plants
- Canning companies and
- Sewing factories.

Things to consider:

Both land and improvements should be classified according to use. In instances where the improvements are valued separately (by an appraisal firm), the land should be properly classed according to its use (i.e. to classify as Category C or E would be erroneous).

Category G – Oil, Gas, Minerals, and Other Subsurface Interests

This category includes the non-exempt value of oil, gas, other minerals, and certain interests in subsurface land.

Mines, quarries, limestone, sand, caliche, gravel, and other substances that are part of the land are not minerals, but are classified in this category.

Category H2 – Goods in Transit

Property included in this category are those items of personal property stored under a contract of bailment by a public warehouse operator and identified according to the provisions of PTC Section 11.253.

While goods in transit are exempt under the law, the provisions allow local taxing entities to elect to tax these properties.

Category J - Utilities

Includes the real and personal property of utility companies and co-ops. These properties are characterized by their commitment to supply continuous or repeated services through permanent physical connections between a plant and a consumer.

Category L1 – Business Personal Property

Includes the personal property of businesses that sell goods or services to the public (typically associated with F1 properties).

Examples of commercial personal property include:

- Merchandise inventory
- Supplies
- Computers
- Other movable business equipment
- Furniture and fixtures.

Category L2 – Industrial Personal Property

Includes personal property associated with businesses that add value to a product through development, manufacturing, fabrication or processing of that product. In situations where there is a mixture of public commercial and industrial activity, the property should be classed according to its most prominent use.

Examples of commercial personal property include:

- Merchandise inventory
- Supplies
- Computers
- Other movable business equipment
- Furniture and fixtures.

Category M – Mobile Homes & Other Tangible Personal Property

Includes:

- Mobile homes that are situated on land that is owned by someone else.
- Non-income producing personal property such as boats, travel trailers and personal aircraft if taxation is authorized by local jurisdictions as authorized by PTC Section 11.14

Mobile homes that are situated on land that is owned or partially owned by the mobile home owner should be classified as Category A or E typically. *However there may be instances where a mobile home is used for a commercial or industrial purpose and should then be classified as Category F1 or F2 property.*

Category O – Residential Inventory

Includes residential land and improvements held as an inventory if all of the following apply:

- All properties under common ownership
- All properties are contiguous or located in the same subdivision or development
- Held for sale in the ordinary course of business
- Subject to zoning restrictions or deed restrictions limiting them to residential use
- Never have been occupied for residential purposes
- Not presently lease or producing income
- Property is a business inventory.

Things to consider:

- All of the above criteria must be met to qualify for the special appraisal
- All land and improvements are classified as Category O property
- The entire property is appraised as a unit (although listed in multiple parcels in the appraisal records)

Category S – Dealer’s Special Inventory

Includes certain personal property of businesses that provide items for sale to the public, notably:

Category X – Exempt Property

Property classified in this category must meet qualifications found in law.

Application requirements vary from absolute to annual unless the Chief Appraiser requires a new one.
